I - INTERNATIONAL ORDERS SUPPLEMENT

1. SCOPE, TERMS & CONDITIONS, AND DEFINITIONS

- (a) Either Contractor's written acknowledgement or Contractor's full or partial performance under this purchase order, whichever occurs first, will constitute acceptance of all terms and conditions contained herein. Any acceptance of this purchase order is limited to acceptance of the express terms of the offer set forth in this purchase order. Any proposal for additional or different terms or any attempt by Contractor to vary in any degree any of the terms of this offer in Contractor's acceptance or acknowledgement is hereby objected to and rejected, but such proposal shall not operate as a rejection of this offer unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods and or services to be delivered hereunder but shall be deemed a material alteration thereof, and this offer shall be deemed accepted by the Contractor without said additional or different terms. If this purchase order shall be deemed an acceptance of a prior offer by Contractor, such acceptance is limited to the express terms set forth in this purchase order.
- (b) These terms and conditions may be invoked in a purchase agreement, between Purchaser and Contractor, against which Purchaser may place multiple purchase orders. Under such circumstances, each purchase order shall constitute a separate and distinct contract between the parties and these terms and conditions shall be in addition to those of such order, and shall be deemed incorporated in each such order. Regardless of whether an order is issued in connection with a purchase agreement invoking these terms or independently of any purchase agreement, these terms and conditions shall supersede and replace all terms and conditions appearing or referred to on the face or on the reverse of any proposal, acknowledgement, or acceptance or any other communication issued by the Contractor in connection with such order.
- (c) Definitions:

As used throughout these terms and conditions, the following terms shall have the meaning set forth below.

 - (i) "Contractor" means the party contracting with Purchaser to perform the work required under a purchase order placed by Purchaser.
 - (ii) "Purchaser" means the party contracting with Contractor for services and identified as the purchasing entity on the face of this purchase order.

2. NATURE OF SERVICES

- (a) Contractor agrees to undertake the performance of all services called for in any order, to pursue the same diligently, and to complete the same within any time limit specified in the order. With respect to each order, the services contracted for shall be those described in the order, and in any statements of work, plans, specifications, general conditions, or other papers attached to or referred to in the order, which together with these terms and conditions are hereafter called the "Contract Papers." Said services shall include the furnishing of all materials, tools, equipment, labor, superintendence and facilities necessary therefor, excepting however, any items which are to be specifically furnished or performed by Purchaser as provided in the Contract Papers. Orders placed in connection with these terms and conditions may relate to work: (a) called for by contracts between Purchaser and the United States Government (hereinafter referred to as "Government Contracts"; (b) called for by contracts between Purchaser and any other legally constituted body or person; or (c) for Purchaser's own account. Any work relating to Government Contracts will bear the applicable government contract number. All rights conferred on the U.S. Government by these terms and conditions shall apply solely, to Government Contracts where required thereby, and not to other orders.

- (b) If this is a subcontract under a Government Contract, Appendix I of the current revision of GE Aviation standard terms and conditions for purchase of goods, C64ES, shall apply to this order. Contractor agrees to accept all United States Government FAR and DFAR clauses that are contained in Purchaser's contract with the Government.

3. CONTRACT PRICE

- (a) Contractor shall be compensated for all services performed by Contractor for Purchaser in connection with each order in the manner and amount specified on the order. Payment for labor hour contracts will be made in an amount determined by multiplying the total number of hours actually required to perform each type of work by the hourly rate specified in the order for each type of work performed or as the Parties may otherwise agree. However, the total amount shall not exceed the total price specified in the order.
 - (1) The Contractor's normal workweek shall consist of forty (40) hours. Straight time rates apply to all hours worked up to and including forty ("40") hours per week, regardless of the actual day or days worked. Overtime rates (as specified in any applicable order) apply to all hours worked in excess of forty ("40") hours per week, only when such overtime work is authorized by Purchaser.
 - (2) Premium pay for any off shift work effort (2nd or 3rd shift) will be negotiated separately and before such work begins.
- (b) It is expressly understood and agreed that the hourly rate so specified shall include (in addition to the wages or salaries to which the employees of Contractor performing such services shall be entitled) compensation to Contractor for time spent by any general administrative, supervisory or clerical employee; overhead expenses, profit, and any and all other direct or indirect costs or expenses in any manner attributed to the performance of said services except such as are hereinafter specifically provided for. Time spent directly on the job by squad leaders, contract engineers and chief designers shall be billed in accordance with the above schedule.
- (c) Contractor shall compute its employees' wages and withhold applicable federal, state and local taxes, and federal social security payments. Contractor shall remit its employee withholdings to the proper government authorities and make employer contributions for FICA and federal and state unemployment insurance payments.
- (d) Straight time rates shall be paid for all hours worked on any holiday on which Contractor's employees are requested by Purchaser to work.

- 4. **QUALITY OF WORK:** All services performed hereunder shall be subject to the inspection of an engineer, manager or other representative designated by Purchaser and shall be in strict accordance with the requirements of the contract papers. The contractor agrees to use only experienced, trained and qualified employees in the performance of services required by any order and all services performed must be of first class quality and workmanship.

5. STANDARD TERMS OF SETTLEMENT (STS)

- (a) **STANDARD:** Contractor shall submit bills to Purchaser weekly, or as otherwise agreed by Purchaser and Contractor, for the work performed in the preceding week or other period. Unless Purchaser chooses the accelerated payment program described in (b) below, Purchaser's standard terms of settlement shall be issuance of payment of the full invoiced amount (not discounted) to Contractor within ninety (90) days (meaning within 90 days of the Payment Start Date (as defined in (d) below)). Settlement and invoicing must be paperless, and in a format acceptable to Purchaser. Contractor must provide banking information to establish electronic funds transfer for U.S. suppliers and wire transfer for non-U.S. suppliers.
- (b) **ACCELERATED PAYMENT PROGRAM:** Purchaser reserves the right to choose the settlement of invoices with Contractor by using Purchaser's accelerated payment program as follows: Contractor agrees to accept the invoice amount discounted by two and one-half percent (2.5%), in exchange for Purchaser's initiation of payment on the 15th day following the Payment Start Date (as defined in (d) below) ("net 15 less 2.5 %"). If payment is initiated earlier than such 15th day, the invoice amount may be further discounted to reflect substantially similar economics as "net 15 less 2.5%".

(c) USE OF GEFCF: Funding for accelerated payment of invoices under the Purchaser accelerated payment program will be provided by General Electric Commercial Finance ("GEFCF"). If Purchaser chooses to settle an invoice pursuant to the accelerated payment program, the following shall occur: (1) title to the Goods that are being delivered shall pass directly to GEFCF on the date of arrival of the item at the specified delivery; (2) once title to the Goods has passed to GEFCF, GEFCF will immediately and directly transfer title to Purchaser; and (3) any and all of the Contractor's obligations under this purchase order, including Contractor's representations and warranties, shall extend to and benefit Purchaser as if title passed directly to Purchaser.

(d) PAYMENT START DATE: As used in this clause, the "Payment Start Date" shall be:

(i) For non-receivable Services: From the invoice date; invoices for services must be dated no earlier than the last day of the period of time during which services that are the subject of the invoice were provided.

(ii) For receivable Services: From the later of (a) the received date as identified in Purchaser's computer system, or (b) the invoice date.

6. BOOKS AND RECORDS; RECORDS RETENTION

(a) Contractor shall maintain complete and accurate records on a job order basis in connection with the work required under any order and all charges for labor or services will be substantiated by proper time clock cards, time vouchers, or other similar records signed by employees doing work under any order.

(b) Purchaser and, when orders relating to Government Contracts are involved, the United States of America and any department thereof, shall have the right from time to time to inspect and audit, during any reasonable hours, all of the Contractor's books and records concerning the work carried on under any order, including those books and records pertaining to overhead and other general expenses. This clause 6 survives the expiration of any order placed for five (5) years following the final payment hereunder.

(c) Contractor shall retain, for four years following final payment by Purchaser, all books, records, accounting procedures and practices, and other data related to the performance of work under this order, regardless of type of data and regardless of whether such items are in written form, in the form of computer data, or in any other form. Retained records shall include, but not be limited to records related to labor, supplies, equipment, material, or services purchased and/or used to perform work under this order. For orders relating to Government Contracts, Contractor shall retain records in accordance with FAR SUBPART 4.7 – CONTRACTOR RECORDS RETENTION.

7. ELECTRONIC COMMERCE. Contractor agrees to participate in all Purchaser current and future electronic commerce applications and initiatives upon Purchaser request. For contract formation administration, changes and all other purposes each electronic message sent between the parties within such applications or initiatives will be deemed: (a) "written and a "writing"; (b) "signed" (in the manner below); and (c) an original business record when printed from electronic files or records established and maintained in the normal course of business. The parties expressly waive any right to object to the validity, effectiveness, or enforceability of any such electronic message on the ground that a "statute of frauds" or any other law requires written, signed agreements. Between the parties, any such electronic documents may be introduced as evidence in any proceedings as business records under the best evidence rule or the business records exception to the hearsay rule. By placing the name or other identifier on any such electronic message, the party doing so intends to sign the message with his/her signature attributed to the message content. The effect of each such message will be determined by the electronic message content and by New York law, excluding any such law requiring signed agreements or otherwise in conflict with this paragraph.

8. CONTRACTOR'S EMPLOYEES

(a) Contractor represents that no employee assigned to provide services to Purchaser under any order has been employed by the United States Department of Defense ("DOD") in a procurement function within two years of the date of their assignment, where Purchaser would be in violation of the Defense Acquisition Improvement Act of 1986 (10 U.S.C. 2397b, 2397c) if Purchaser compensated such employee. Further, Contractor agrees to advise

Purchaser in writing of all employees assigned to provide services under any order who previously worked for the DOD in any capacity within two years prior to the date of their assignment, including a description of the duties performed for DOD and their last DOD pay grade. If requested by Purchaser, Contractor will have the Contractor's employee obtain a written opinion from an ethics officer in the individual's former DOD agency that the individual may accept compensation when assigned to perform work for Purchaser.

- (b) It is mutually agreed that any of Contractor's personnel performing services under any order shall remain employees of Contractor subject to its right of direction, control and discipline and shall neither become employees of Purchaser nor be entitled to any rights, benefits or privileges of Purchaser employees. As appropriate, Purchaser shall give direction as to the ultimate objective of the project to the contractor. The Contractor is responsible for ensuring that its personnel accomplish the requirements of the project and work consistent with Purchaser's pertinent safety regulations and all other reasonable health, safety, environmental and behavioral requirements. The Contractor shall ensure that its personnel adhere to the provisions herein and that they have the requisite knowledge, training and ability to perform work under any order competently and in accordance with applicable laws, regulations and Purchaser company policies. Contractor's personnel performing services under any order will be provided with copies of Purchaser policies 20.3, 20.4, 20.5 and 20.10 dealing with "health, safety and environmental practices", "business practices", "COMPLIANCE WITH ANTITRUST LAWS", and "STANDARDS OF CONDUCT IN TRANSACTIONS WITH THE UNITED STATES GOVERNMENT". Compliance with these policies is mandatory, and any failure to comply will be cause for immediate removal of Contractor's involved employee or immediate termination of any order.
- (c) Contractor's employees are not authorized, expressly or otherwise, to enter into any agreements or to make any commitments financial or otherwise, for or on behalf of Purchaser. Specifically, no employee of Contractor shall make contact with the DOD or other United States Government agency employees, members of Congress or Congressional employees regarding the continuation, renewal, amendment or modification of a federal contract to Purchaser.
- (d) No employee of Contractor shall engage in any other work or business adverse to the interests of Purchaser during the time such employee is assigned to work at or in support of Purchaser.
- (e) Contractor agrees to comply with, and to execute for Purchaser, such certifications as may be required by the United States Government pursuant to section 6 of the Office of Federal Procurement Policy Act Amendments of 1988 ("Procurement Integrity"), and agrees to report immediately to Purchaser any information concerning a violation or possible violation of the Act or its implementing regulations.
- (f) Contractor agrees to disclose to Purchaser whether any of its employees it assigns to Purchaser, whether presently or within the past twelve months, has (a) provided services as a consultant to any branch or department of the United States Government at any level or (b) furnished advice, information, direction or assistance (including marketing or lobbying support) to an offeror or any other contractor in support of the preparation or submission of an offer for a United States Government contract by that offeror. If such disclosure is made, Contractor agrees to execute for Purchaser any certifications required by law in respect of such disclosures.

9. **TERMINATION FOR CONVENIENCE:** Purchaser shall have the right, at any time, upon written notice to the Contractor, to terminate all or any work required by any order placed hereunder. Upon receipt of notice to terminate, the Contractor shall thereupon cease work upon the order to the extent required. Contractor shall turn over to Purchaser all completed work and work in process, including all designs, drawings, specifications, plans, lists, and other material required or produced in connection with such work. Upon receipt thereof, Purchaser shall reimburse the Contractor upon the basis expressed in the subject order for all work performed under the order up to the date of Contractor's receipt of notice of termination. In the event Purchaser wrongfully terminates this purchase order or otherwise terminates this order such that, in the absence of this clause, such termination could be construed as a default by Purchaser, the Parties agree that such termination shall be construed as a termination for convenience under this clause 9.

10. **REPORTS:** The Contractor shall render progress reports as often as reasonably requested by Purchaser, pertaining to the services performed hereunder, showing time expended daily by each of its personnel for each component of various projects both periodically and cumulatively. Such reports shall be in a form that will enable Purchaser to evaluate the progress made and the schedules to be met, and to keep a current account of time and monies expended upon each and all projects.

11. SECURITY CLASSIFICATION LAWS & REGULATIONS -- PRECAUTIONS: Contractor agrees to comply with all applicable security classification laws and regulations of the United States Government, insofar as said laws, rules and regulations pertain to any order hereunder. Such compliance shall include, but not be limited to, taking all reasonable precautions to assure that work performed shall be protected against theft, destruction, or unauthorized disclosure.

12. MODIFICATION: No waiver, alteration or modification of any of the provisions of any order or these terms and conditions shall be binding upon either party unless in writing signed by the duly authorized representative of the party intended to be bound thereby.

13. INDEMNITY AND INSURANCE

(a) Contractor shall defend, indemnify, release and hold harmless the Purchaser, its directors, officers, employees, agents representatives, successors and assigns (each an "Indemnified Party"), whether acting in the course of their employment or otherwise, against any and all suits, actions, or proceedings, at law or in equity, and from any and all claims, demands, losses, judgments, damages, costs, expenses (including attorneys' fees), or liabilities (including without limitation claims for personal injury or property damage, claims or damages payable to customers of Purchaser, and breaches of Contractor's obligations, representations, warranties, covenants and/or certifications set forth elsewhere in this Agreement including but not limited to Articles 14, 18, 19, 25, 34 and 37) arising from any act or omission of Contractor, its agents, employees, or subcontractors, or from any conditions of real or personal property of Contractor, except to the extent attributable to the sole and direct gross negligence of Purchaser. An Indemnified Party shall have the right to participate in the selection of counsel and Contractor shall not enter into any settlement agreement that contains any admission of liability on the part of Purchaser and/or any other Indemnified Party.

(b) At a minimum, Contractor will maintain and provide evidence of the following levels of insurance coverage:

- (i) Comprehensive General Liability – Bodily Injury/Property Damage (including coverage for contractual liability insuring the liabilities assumed in this Order, for products liability, contractors protective liability, where applicable, collapse or structural injury and/or damage to underground utilities, where applicable, and coverage for damage to property in the Contractor's custody, care and controls, as well as naming Purchaser as an additional insured) in the amount of \$3,000,000 combined single limit per occurrence;
- (ii) Aviation Products Liability - in the amount of \$5,000,000 minimum per occurrence;
- (iii) Comprehensive Automobile Liability – Bodily Injury/Property Damage covering all owned, hired and non-owned automotive equipment in the amount of \$1,000,000 combined single limit each occurrence, Employers Liability in the amount of \$1,000,000 each occurrence;
- (iii) Property Insurance covering the full value of all goods and services owned, rented or leased by Contractor in connection with this Order;
- (iii) Workers Compensation Insurance protecting Contractor from all claims under any applicable Worker's Compensation and Occupational Disease Act. Coverage similar to Workers Compensation and Employers' Liability shall be obtained for each local employee outside the United States where work in connection with this Order is performed

Contractor shall provide Purchaser with a certificate of insurance evidencing that the required minimum coverage are in effect and that Purchaser, its directors, officers, employees, agents and representatives are named as additional insureds, provide a waiver of subrogation clause in favor of the additional insureds, and provide that all coverage provided by the Contractor shall be primary. Such insurance shall also cover the actions of a subcontractor that Contractor may utilize under this Purchase Order. Such insurance shall require the underwriters to provide Purchaser thirty (30) days advance written notice of any cancellation or adverse material change with respect to any of the policies. If Contractor fails to procure or maintain in force the insurance specified herein, Purchaser may secure such insurance and the cost thereof shall be borne by Contractor. It is understood and

agreed that the insurance provided by Contractor hereunder shall operate independent and apart from any obligations imposed upon Contractor under the indemnity provisions of this Purchase Order.

14. CONTRACTOR'S REPRESENTATIONS:

- (a) Contractor represents, warrants, certifies and covenants that it shall perform all activities required under this purchase order in compliance with all applicable international, national, state and local laws, including, but not limited to environmental, health and safety laws and regulations.
- (b) Any goods related to Contractor's services supplied under this purchase order may be exported worldwide, including countries that prohibit the importation of goods manufactured with child labor or forced, indentured or convict labor. Contractor represents, warrants, certifies and covenants that no goods supplied or services provided under this purchase order have been or will be produced or performed using forced, indentured or convict labor, or the labor of persons in violation of the minimum working age laws of the country of manufacture, or in violation of minimum wage, hour of service or overtime laws of the country of manufacture or in violation of minimum wage, hour of service or overtime laws of the country of the country in which the goods will be produced or services will be performed.
- (c) From time to time, at Purchaser's request, Contractor shall provide certificates to Purchaser in form and substance acceptable to Purchaser relating to the requirements of this clause 14. Contractor shall permit Purchaser or its representatives to have reasonable access to the site where work under this order is performed to assess 1) Contractor's work quality and compliance with Purchaser's specifications and 2) Contractor's compliance with its representations, warranties, certifications and covenants hereunder.

15. DISPUTE RESOLUTION

- (a) Except as specifically provided for in paragraph (h) below, the parties intend to forsake litigation and resolve with finality any and all disputes arising under or related to this purchase order, and the goods and/or services provided pursuant to the purchase order, exclusively by the process identified in this article. This article shall remain effective in the event that a petition in bankruptcy is filed by or against a party to this contract or order, or if a party makes an assignment for the benefit of creditors, or if any other insolvency proceeding is commenced against a party. Invocation of this paragraph shall not relieve either party of any obligation, right or duty of performance arising under or related to any purchase order.
- (b) Any and all disputes, controversies or claims arising under or relating to this purchase order or the breach, termination or invalidation thereof or the goods and/or services provided pursuant to the purchase order shall, upon written notice, be referred to a senior management representative from each of the parties who will confer in good faith to attempt to resolve the matter. The party sending the first written notice (the "Initial Notice") shall (1) set forth in detail all of its claims or issues in dispute and (2) designate its representative. The other party shall have 5 business days to designate its representative and add any other issues or claims for resolution not identified in the Initial Notice. The representatives shall have 30 days from the date of the Initial Notice to resolve the issues identified in the notices. If the representatives are unable to resolve the matter within this 30-day period, either party may refer the matter to administered mediation, through the CENTER FOR RESOLUTION OF DISPUTES, 8 W 9th St, Cincinnati OH 45202 (tel 513-721-4466). Such mediation shall be started within 30 days from the date of referral, and the mediation process must be concluded within 30 days from the start date.
- (c) If the dispute or claim is not fully resolved pursuant to paragraph b, either party may after 90 days, but not later than 120 days from the date of the initial notice, make a written demand for binding arbitration to be administered by the American Arbitration Association (AAA) by one arbitrator in accordance with its commercial arbitration rules. A party's failure to make a timely demand for arbitration shall result in the forfeiture of all the claims and issues that party identified in its written notice.
- (d) The arbitration proceedings shall be conducted in Cincinnati, Ohio, and the order shall be interpreted and applied in accordance with the laws of the state of New York without regard to New York's choice of law provisions. The arbitration shall not be consolidated with any claim or controversy of any other party. No discovery shall be conducted except by the written agreement of both parties. All fees and expenses of the arbitration shall be shared equally by the parties. However, each party shall bear the expense of its own counsel,

experts, witnesses, and preparation and presentation of proofs. If court proceedings to stay litigation or compel arbitration are necessary, the party who unsuccessfully opposes such proceedings shall pay all associated costs, expenses and attorney's fees which are reasonably incurred by the other party. The arbitrator shall have no authority to award punitive and exemplary or other damages beyond the prevailing party's actual damages and shall not, in any event, make any ruling, finding, or award that does not conform to the terms and conditions of the order. The arbitration award shall be in writing and shall specify the factual and legal basis for the award. Judgment on the award rendered may be entered in any court of competent jurisdiction, and in connection with enforcing arbitration awards Seller hereby consents and submits to jurisdiction of the Courts of the State of Ohio and the U.S. Federal Courts in the Southern District of Ohio over any action at law, suit in equity or other proceeding that may arise out of this purchase order.

- (e) Either party may at any time, without inconsistency with this order, seek from a court of competent jurisdiction located in Cincinnati, Ohio, any equitable, interim or provisional relief to avoid irreparable injury, or to vindicate an executing party's intellectual property rights, including, without limitation, the recovery of damages for infringement or other misappropriation.
- (f) The parties intend all statements made and documents provided or exchanged in connection with this dispute resolution process to be confidential and neither party shall disclose the existence or content of the dispute or claim, or the results of any dispute resolution process, to third parties other than outside counsel, except with the prior written consent of the other party or pursuant to legal process.
- (g) The parties may by written mutual consent agree to dates and times other than those set forth in this article.
- (h) The provisions of this article shall not modify or displace a party's indemnification obligations or the procedures specified in Article 25, Termination for Convenience. In addition, this article shall not apply to and will not bar litigation regarding any claims related to a party's proprietary or intellectual property rights.

16. **FAIR LABOR STANDARDS ACT:** By accepting any order, Contractor represents that the goods or services to be furnished hereunder, were or will be produced in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended, and unless otherwise agreed in writing, Contractor shall provide to Purchaser, prior to accepting a purchaser order, a certificate stating that the goods or services covered by the invoice were produced in compliance with the requirements of the Fair Labor Standards Act of 1938, as amended, including section 12(a).

17. **DEFAULT:** Purchaser may, by written notice of default to Contractor, terminate the whole or any part of any if: (a) either (i) the Contractor fails to perform within the time specified therein or any extension thereof; or (ii) the Contractor fails to perform any of the other provisions of any order, or so fails to make progress as to endanger performance of any order in accordance with its terms; and (b) in either of these two circumstances, Contractor does not cure such failure within a period of ten ("10") days after receipt of Purchaser's notice or such longer period as Purchaser may authorize in writing. Upon such termination action, Purchaser may procure, upon such terms and from any source or service provider as it shall deem appropriate, supplies or services similar to those terminated, in which case Contractor shall continue performance of such order to the extent not terminated and shall be liable to Purchaser for any excess costs for Purchaser's procurement of such similar supplies or services. In lieu of termination for default, Purchaser, at its sole discretion, may elect (1) to extend the schedule and/or (2) to waive deficiencies in Contractor's performance, in which case an equitable reduction in the purchase order price shall be negotiated. In the event Contractor, for any reason, anticipates difficulty in complying with the required schedule, or in meeting any of the other requirements of any order, Contractor shall promptly notify Purchaser in writing. The rights and remedies of Purchaser provided in this clause shall not be exclusive and shall be in addition to any other rights and remedies provided by law or under any Purchaser purchase order.

18. **CITIZENSHIP STATUS:** Only U.S. Citizens, permanent resident aliens or those aliens authorized to be employed in the U.S. shall be permitted to work on Purchaser orders. Contractor must notify Purchaser prior to disclosure by Contractor of Purchaser technical data to non-U.S. persons, or the assignment by Contractor of non-U.S. persons to the involved work to enable Purchaser to review the technical scope and assure any necessary export authorizations are in place.

Contractor certifies to Purchaser that it has (i) confirmed the identity of each individual assigned to work on Purchaser's purchase orders; (ii) verified that such individuals are legally entitled to work in the U.S. and are

employees of Contractor; and (iii) preserved such records as required by the Department of Homeland Security. Contractor shall make all records supporting such certification available to Purchaser at Purchaser's request. There may be jobs that require U.S. citizenship because of national security or exposure to classified information. In such cases, each such job will be separately identified by Purchaser as requiring U.S. citizenship.

19. PURCHASER'S PROPERTY

- (a) All tangible and intangible property, including but not limited to tools, tool drawings, materials, processes, procedures, process parameters, drawings, computer software, documents, information or data of every description furnished to Contractor by Purchaser, or by Purchaser's affiliates, subsidiaries or contractors, or paid for in whole or in part by Purchaser, and any replacement thereof, or any materials affixed or attached thereto, shall be and remain the personal property of Purchaser, and, unless otherwise agreed to in writing by Purchaser shall be used by Contractor solely to render services or provide products to Purchaser. Such property, and whenever practical each individual item thereof, shall be plainly marked or otherwise adequately identified by Contractor as being the property of Purchaser or Purchaser's designee, and shall be safely stored separate and apart from Contractor's property. Contractor shall not substitute any property for Purchaser's property and shall not use such property except in filling Purchaser's purchase orders. Such property while in Contractor's custody or control shall be held at Contractor's risk and shall be insured by Contractor for replacement cost with loss payable to Purchaser. Such property shall be subject to removal at Purchaser's written request, in which event Contractor shall prepare such property for shipment and shall deliver it as directed by Purchaser in the same condition as originally received by Contractor, reasonable wear and tear excepted, all at Contractor's expense. The foregoing shall not be deemed to affect the rights, if any, of the Government in any such property or to grant any rights to Purchaser in conflict with DFARS 252.227-7013, Rights in Technical Data Noncommercial Items, DFARS 252.227-7014 Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation, or DFARS 252.227-7015 Technical Data-Commercial Items.
- (b) Purchaser hereby grants Contractor a license to use the tools, drawings, specifications (including Purchaser's 'S' specifications), processes, process parameters, computer software and other data (hereinafter collectively referred to as "Data"), furnished by the Purchaser, or by Purchaser's affiliates, subsidiaries or contractors, or paid for in whole or in part by Purchaser hereunder for the sole purpose of performing this order for Purchaser. All Data is the property of Purchaser and shall not be used, disclosed to others or reproduced for any purpose, including, but not limited to, (i) the design, manufacture, or repair of parts, or to obtain FAA or other Government approval to do so or (ii) to provide any GE or CFMI part by sale or otherwise, to any person or entity other than Purchaser: provided; however, Contractor may provide Data furnished or paid for in whole or in part by Purchaser hereunder to Contractor's contractors for the sole purpose of enabling Contractor's contractors to assist Contractor in performing this purchase order for Purchaser and on condition that Contractor's contractors agree in writing for Purchaser's benefit to the terms of Articles 8, 10 and 20 hereof. This license is nonassignable, and this license is terminable with or without cause by Purchaser at any time. All Data furnished or paid for by Purchaser shall be deemed to be proprietary property to purchaser, whether or not it is marked with any restrictive legend.
- (c) Upon completion of performance of all of the Purchase Order requirements including but not limited to the record retention requirements set forth in Article 5, the Contractor shall destroy all Data furnished by the Purchaser for the sole purpose of performing the Purchase Order. The Purchaser may require the Contractor to provide a certification of the destruction of Data pursuant to Article 14.
- (d) Purchaser shall have the right to audit all pertinent books and records of Contractor, and to make reasonable inspections of Contractor's facilities to verify compliance with this Article 19 and Article 27.
