Subject: Change to EASA Part-145 approval EASA.145.4413
Reference: L9a/Rev 1/EASA.145.4413/FAA.GH5R883M
Attachment: EASA Part-145 approval certificate

Dear Sir or Madam,

Following a positive recommendation from the FAA the European Aviation Safety Agency hereby accepts the changes to your EASA Part-145 approval.
In addition, subject to continued compliance with the FAR 145 and the EASA special conditions as detailed in the Agreement between the United States of America and the European Community on Cooperation in the Regulation of Civil Aviation Safety and associated Maintenance Annex Guidance (MAG), the renewal date is confirmed as **01 August 2020**:

Unison Industries, LLC

EASA Part-145 Approval certificate reference number:

EASA.145.4413

This certificate supersedes the EASA.145.4413 approval certificate dated 18 May 2018. The superseded certificate shall be destroyed locally by your organisation and does not need to be returned to the EASA.

You are reminded that you will be required to submit your next renewal paperwork package in accordance with the MAG available on our web site at <http://www.easa.europa.eu>

Yours faithfully,

Karl Specht

U.S. APPROVAL CERTIFICATE

EASA.145.4413

Taking into account the provisions of Article 12 of Regulation (EC) 216/2008 of the European Parliament and of the Council and the bilateral agreement currently in force between the European Community and the Government of the United States of America, the European Aviation Safety Agency (EASA) hereby certifies:

Unison Industries, LLC

FAA NUMBER: GH5R883M

2070 Heller Drive

Dayton, Ohio 45434

United States of America

as a Part-145 maintenance organization approved to maintain the products listed in the FAA Air Agency Certificate and associated Operations Specifications and issue related certificates of release to service using the above reference, subject to the following conditions:

1. The scope of the approval is limited to that specified on the 14 CFR part 145 repair station Air Agency Certificate, and the associated Operations Specifications for work carried out in the United States (unless otherwise agreed in a particular case by EASA).
2. The approval scope shall not exceed the permitted EASA Part-145 ratings as detailed in Regulation EC (No) 1321/2014.
3. This approval requires continued compliance with 14 CFR part 145 and the differences as specified in the Maintenance Annex Guidance (MAG), including the use of the FAA Form 8130-3 for release/return to service of components up to and including power plants.
4. Certificates of return to service must quote the EASA Part-145 approval reference number quoted above and the 14 CFR part 145 Air Agency Certificate number.
5. Subject to compliance with the foregoing conditions, this approval shall remain valid until:

01 August 2020

unless the approval is surrendered, superseded, suspended or revoked.

Date of issue: **02 August 2019**

Signed 

For EASA
